HIGH POWER

The reliable, high quality, powerful battery

Toshiba alkaline High Power batteries are among the market's top choice, designed for high performance and longer life.

They have unique features, such as a higher capacity / weight ratio and less toxic ingredients. Toshiba batteries are compatible with all devices and perform very well in high demanding digital devices.

All Toshiba batteries are fully charged and ready to use. They contain no mercury, cadmium and lead, providing a trustful source of energy.
